To Market Growers and Florists

YOU—who are expert growers—realize fully how much the quality of seeds affects the returns from your fields. No matter how much after-care is given to the crop, if the seed sown is not of the finest quality the returns cannot be as profitable as they should be. Poor seeds waste time, labor, and fertilizer. They are expensive in the end.

But why consider anything except the finest, high-bred strains when Burpee's Seeds are priced so low this year. You are assured that their quality is not only as good but even better than ever before, because it is our policy never to lower our high standard of quality no matter what the price. And, remember, Burpee's Seeds are sold under the liberal Burpee Guarantee (see page 2).

May we have the pleasure of supplying you with your requirements this season? All your orders, large or small, will receive prompt and careful attention at all times.

Faithfully yours,

David Burpee

Wholesale Prices and Terms For Market Growers and Florists

Effective January 1, 1933, all invoices for purchases will be charged at the prices quoted in this Burpee Blue List, unless **special offers** are made by letter or telegram and referred to when the order is placed.

We expect to adhere throughout the spring to the prices quoted herein, unless some causes beyond our control require a change, in which case we shall be governed by the market. All goods are offered subject to prior sale, and we reserve the right to change prices without notice if it should become necessary.

Credit and Terms of Payment

Our terms are cash with order unless you have an account with us or are satisfactorily rated by the commercial agencies. To regular customers and those of approved credit, our terms are **60 days net**; 2% discount for cash in ten days from date of invoice, or 3% discount when cash accompanies the order, for Vegetable and Flower Seeds and Flower Bulbs. **No discount** on Grass, Clover and Field Seeds, Onion Sets, Potatoes, Vegetable Roots, Roots, Nursery Stock, and Supplies, which are **net cash**.

New customers, unless satisfactorily rated with the commercial agencies, should furnish us with at least three trade references. Orders from new customers amounting to less than \$5.00 should be accompanied by cash.

Orders for seeds will be shipped C. O. D. upon receipt of a deposit of 25% of the value of the order. Due to their perishable nature, Bulbs, Roots, and Nursery Stock **cannot** be shipped C. O. D.

You run no risk in sending remittance with your order. Our reputation as honest and experienced seedsmen is known the world over. You can inquire of any bank or trust company or of your neighbors as to our responsibility.

Remit by money order, draft, or check. Register your letter if you send cash or stamps.

Free Delivery of Vegetable and Flower Seeds except where stated otherwise

All Vegetable and Flower Seeds offered in this Blue List will be delivered **postpaid** or **express paid**, except where stated otherwise. *On grass, clover and field seeds, Onion Sets, Potatoes, Vegetable Roots, Gladiolus, Roots, and Nursery Stock, the purchaser pays the transportation charges.* If such goods are wanted by Parcel Post, include sufficient to cover postage on cash orders. On charge orders, postage will be invoiced. If in doubt as to the best and most economical method of shipment, we suggest that you leave this to our judgment.

Shipping Instructions

With each order, please give complete shipping instructions if goods are not to be sent by parcel post. Give the name of your express or freight office and on which railroad you wish goods shipped. This will assure correct routing.

Bags, boxes, and all packing required for safe shipment of your goods will be supplied free of charge. Marine insurance will be effected on foreign shipments **only** when so directed.

Burpee's Blue List

Burpee's Blue List is for the exclusive use of Market Growers and Florists who, on account of the larger quantities of seeds they require, are entitled to these Special Wholesale Prices. We are anxious to do all we can to help you make a success of your business by supplying the finest seeds it is possible to furnish and let you have them at low prices. As a grower, you know the importance of Good Seeds; you cannot take chances on the quality of the seed from which you expect to make your profits. Sow Burpee's Tested Seeds—you can rely on them. They are guaranteed.

We do not offer the so-called Flower Seed "Trade Packet." Knowing that Florists prefer to buy in definite quantities, we have listed fractional ounce quantities and priced them as low as is consistent with first-class seeds. Should Market Gardeners or Florists want the small packets offered in Burpee's Annual retail book, we will gladly supply them at a special discount of 33⅓% if the retail value of the packets ordered at one time is \$1.00 or more. No discount will be allowed on these retail packets if value is less than \$1.00.

Burpee's Annual for 1933

We want every market grower and florist to have a copy of Burpee's Annual Garden Book for 1933 because it is the best and most reliable retail seed catalog ever issued. It fully describes the best varieties of Vegetables, Flowers, and Bulbs. A copy will be sent to you on request; keep it on your desk for reference. Burpee's Annual contains much practical information. If you want another copy for a friend or neighbor, let us know, and if you have any friends who grow for market, send us their names and addresses so that we may also mail them a copy of Burpee's Blue List. The Blue List is for the exclusive use of the market grower, trucker, and florist who sells the product from the seeds and bulbs which he buys, and is, therefore, entitled to the reduction in prices given in the Blue List. For a complete list of Bulbs and Roots which we can supply, see Burpee's Annual, and we shall allow you a discount of 33⅓% off the retail prices and shall ship the bulbs prepaid. On Nursery Stock we offer you a discount of 20% from the retail prices quoted in Burpee's Annual, goods shipped prepaid from the nursery in Ohio.

The Burpee Guarantee

We guarantee the safe arrival of your order. We guarantee the vitality and purity of our seeds, bulbs, and plants to the full amount of the purchase price. You can have your money back any time within the year if you are not satisfied with the results. Even with Burpee Quality Seeds, Bulbs, and Plants, success in gardening or farming depends largely upon cultivation, soil, and weather conditions. Therefore, in no case shall W. Atlee Burpee Co. be liable for more than the amount actually paid for seeds, bulbs, and plants.

Burpee's Annual for 1933

We want every market grower and florist to have a copy of Burpee's Annual for 1933 because we believe that it is the best and most complete retail seed catalog ever published. It fully describes the best vegetables, flowers, and bulbs. Keep your copy handy, and if any of your neighbors or friends want one, send us their names and addresses. It will be sent free directly to them. And if you have any friends or neighbors who grow flowers or vegetables for market or roadside sale, we shall also be glad to send them a copy of Burpee's Blue List.

Sweet Peas at Floradale Farms—the Waving Fields of Color Stretching Clear Across the Valley

“The Best Seeds That Can Be Grown” “Burpee’s Seeds Grow”

The ideals of the Burpee business since its beginning, fifty-six years ago, are embodied in the two well-known mottoes shown above. They represent our standard of dealing with the many customers who have made it possible for us to build up our large business.

To be sure that the seeds we sell are “the best that can be grown,” many thousands of careful trials are made at our two great seed Farms—Fordhook and Floradale. Our trial grounds provide unusual facilities for extensive growing and testing of seeds.

The Burpee Fordhook Farms, consisting of 800 acres, are located at Doylestown, Pa., 24 miles directly north of Philadelphia. Fordhook is famous as the largest and most complete trial grounds in America.

Our beautiful Floradale Farms are ideally located at Lompoc, California, where soil and climate combine to help produce in the varieties grown there, seeds that are healthier and hardier than could be produced elsewhere.

You are cordially invited to visit Burpee’s farms.

Burpee's Giant Ruffled SWEET PEAS

New Ruffled Burpee Sweet Peas for 1933

Lady Ruffles

3418 Lady Ruffles (New)

This is the most beautiful of the Giant Ruffled Sweet Peas yet produced. The blooms are large, well rounded, and exquisitely frilled and ruffled. The texture is substantial, yet it is most delicate in appearance. The color is a soft pink self on white ground. It has been awarded the Gold Medal of the Scottish National Sweet Pea Society, an honor conferred upon few other Sweet Peas. 1/2 oz. \$1.25; oz. \$2.25.

3612 Ruffled Carmine (New)

A beautiful flower of good substance, carrying four large blooms on each stem. This adds another fine color to the ruffled class. A lovely carmine-rose of remarkable brightness, yet entirely free from any harshness and glare. Always well frilled and refined. 1/2 oz. 70¢; oz. \$1.25; 4 ozs. \$4.50.

3613 Ruffled Primrose (New)

Flowers of bewitching beauty, exquisitely ruffled, well rounded, and large. The color is a warm shade of cream, having a mellowness that will make it a great favorite with many. Though it is dark seeded, the flowers are free from any pink hue or bluish. 1/2 oz. 70¢; oz. \$1.25; 4 ozs. \$4.50.

3598 Ruffled Mixed

Our mixture of Ruffled varieties contains a great many more colors than we are able to offer in separate colors at this time. There is no question that with every year more and more gardeners who heretofore planted just the ordinary mixtures are turning to this new showy type of Sweet Peas.

1/2 oz. 25¢; oz. 45¢; 4 ozs. \$1.50;
1/2 lb. \$2.50; lb. \$4.50.

The Newest and Most Beautiful of All Sweet Peas

The Giant Ruffled Sweet Peas are all Burpee introductions. They were developed on our Floradale Farms in California and are the result of most careful breeding and selection. They have taken the world by storm and are a great advance over the Spencer or Orchid-Flowered varieties as they show a ruffling, doubling, and frilling of both the standard and wings that make them appear almost double.

3413 Fluffy Ruffles

This was the first of the Ruffled Sweet Peas introduced by Burpee. As the name suggests, the flowers resemble large fluffy balls of ruffles. The color is a most exquisite cream-pink of remarkable purity and softness. Forms elegant four-flowered sprays. 1/2 oz. 20¢; oz. 35¢; 4 ozs. \$1.15; 1/2 lb. \$1.95; lb. \$3.50.

3565 Ruffled Beauty

The Early or Winter-Flowering Sweet Peas

These splendid Sweet Peas were, with a few exceptions, all introduced by Burpee. They are valuable to florists for greenhouse culture and are also adaptable to outdoor planting in warmer climates, such as certain sections of our own southern states, Australia, and South Africa. They do well in many sections where the summer-flowering varieties cannot be grown successfully. In cooler climates they are of value for the garden because they bloom a week or ten days earlier.

White and Cream

3392 Snowstorm Improved Ⓞ Extra-large, well-rounded, and beautifully formed blooms of a lovely pure waxy white color. Of strong growth. It is white-seeded.
